<i>T1</i>	<i>Register to a Webinar</i>	9	no	<p>Went to Artificial intelligence and machine learning topic, but there is no link to webinars there.</p> <p>She hasn't seen "webinars" when she has selected about and reached "webinars" from the homepage.</p> <p>During the registration process first password was rejected. Then, didn't tick all the authorization boxes multiple times (one was difficult to see as it was not aligned to other ones). Each time the whole form was refreshed and went back to the top.</p> <p>Registration message confirm not showed when clicking "register" to the event. "Check email to login from there" message shown instead</p>
